

SONDERFORSCHUNGSBEREICH 504

Rationalitätskonzepte,
Entscheidungsverhalten und
ökonomische Modellierung

Workshop
Recent developments in strategic network formation
Sonderforschungsbereich 504
University of Mannheim
May 19 to 21, 2005

Programme as of
03.05.2005

Thursday, May 19, 2005

- 15.00 – 16.30 Arrival, get together
- 16.30 – 17.15 **Michael Kosfeld**, University of Zurich
Stability and Fairness of Networks
- 17.15 – 18.00 **Werner Güth**, Max Planck Institute for Research into
Economic Systems
*Spontaneous Network Formation by Relations, resp.
Neighbours*
- 19.00 – Dinner

Friday, May 20, 2005

- 9.00 – 9.45 **Werner Raub**, Department of Sociology / ICS, Utrecht
University
*Supplier Performance in IT-Transactions: Returns on Social
Capital*
- 9.45 – 10.30 **Subhadip Chakrabarti**, University of Bonn (with Robert
Gilles, Sudipta Sarangi and Narine Badasyan)
*The Role of Middlemen in Efficient and Strongly Pairwise
Stable Networks*
- 10.30 – 11.00 Coffee Break

- 11.00 – 11.45 **Christophe Bravard**, Universite de St.-Etienne (with P. Billand)
Noncooperative Networks Formation and Multimarket Oligopolies
- 11.45 – 12.30 **Marco van der Leij**, Erasmus University Rotterdam (with Sanjeev Goyal)
Strong Ties in a Small World
- 12.30 – 14.30 Lunch
- 14.30 – 15.15 **Klemens Böhm**, University of Karlsruhe
Network Formation in Peer-to-Peer Architectures
- 15.15 – 16.00 **Hans Haller**, Virginia Polytechnic Institute (with Jurjen Kamphorst and Sudipta Sarangi)
(Non-)Existence and Scope of Nash Networks
- 16.00 – 16.30 Coffee Break
- 16.30 – 17.15 **Robert Mach**, ETH Zürich (with Frank Schweitzer)
Adaptation of Cooperation: Random versus Local Interaction in a Spatial Agent Model
- 18.00 – Dinner, Excursion to Heidelberg

Saturday, May 21, 2005

- 9.00 – 9.45 **Vincent Buskens**, Department of Sociology / ICS, Utrecht University (with Rense Corten and Jeroen Weesie)
Consent or Conflict: Coevolution of Coordination and Networks
- 9.45 – 10.30 **Aljaž Ule**, University of Amsterdam, CREED
Determinants of cooperative behavior in endogenously formed networks
- 10.30 – 11.00 Coffee Break
- 11.00 – 11.45 **Siegfried Berninghaus**, Karlsruhe University (with Karl-Martin Ehrhart, Marion Ott, and Bodo Vogt)
Experiments on Network Formation
- 11.45 -- 12.30 **Bodo Vogt**, University of Magdeburg
Selected aspects of further research on network formation
- 12.30 End of Meeting
